### **7:20 AM**

- All canoes need to be on the water and proceed to start line; be aware of rowers and tidal currents near the Pacific Coast Highway (PCH) Bridge.

### **7:50 AM**

- Time synchronization on VHF\_(TBD)\_
- Skippers stay clear of the harbor entrance and well behind or either side of the starting line.

All escort boats will follow slowly behind or alongside the Official boats that are established around the perimeter of the race course. No escort boat may enter the pack until the official signal is received. This new format will be explained at the escort skipper meetings IF FOG DICTATES, escort boats will proceed SLOWLY to assigned canoes and keep in sight.

### **8:20 AM**

- Co-ed Race Start (skippers, please read the above for escort directions)
- Once the OFFICIAL ESCORT BOAT SIGNAL has been sounded for each time frame, all escorts may proceed onto the course from the back or either side of the pack, so as not to upset canoes with their wake as they approach their team. Throughout the race, escort boat wakes may not hinder an opposing team, nor assist their own. Time penalties will be assessed if an escort boat does not proceed safely and courteously at any point during the race.

### **1:00 – 2:30 PM**

- Approximate finish time
- Escort boats will proceed to the Avalon Log Jam at Lover's Cove and see the SCORA skiff to see if moorings are available and if so, to get your mooring assignment, then you will pay the Harbor Master at this time for your mooring. - The gas dock is not for loading or unloading!!
- During refueling you may transfer gear up the ramp.
- Do not stack and leave gear on the ramp.

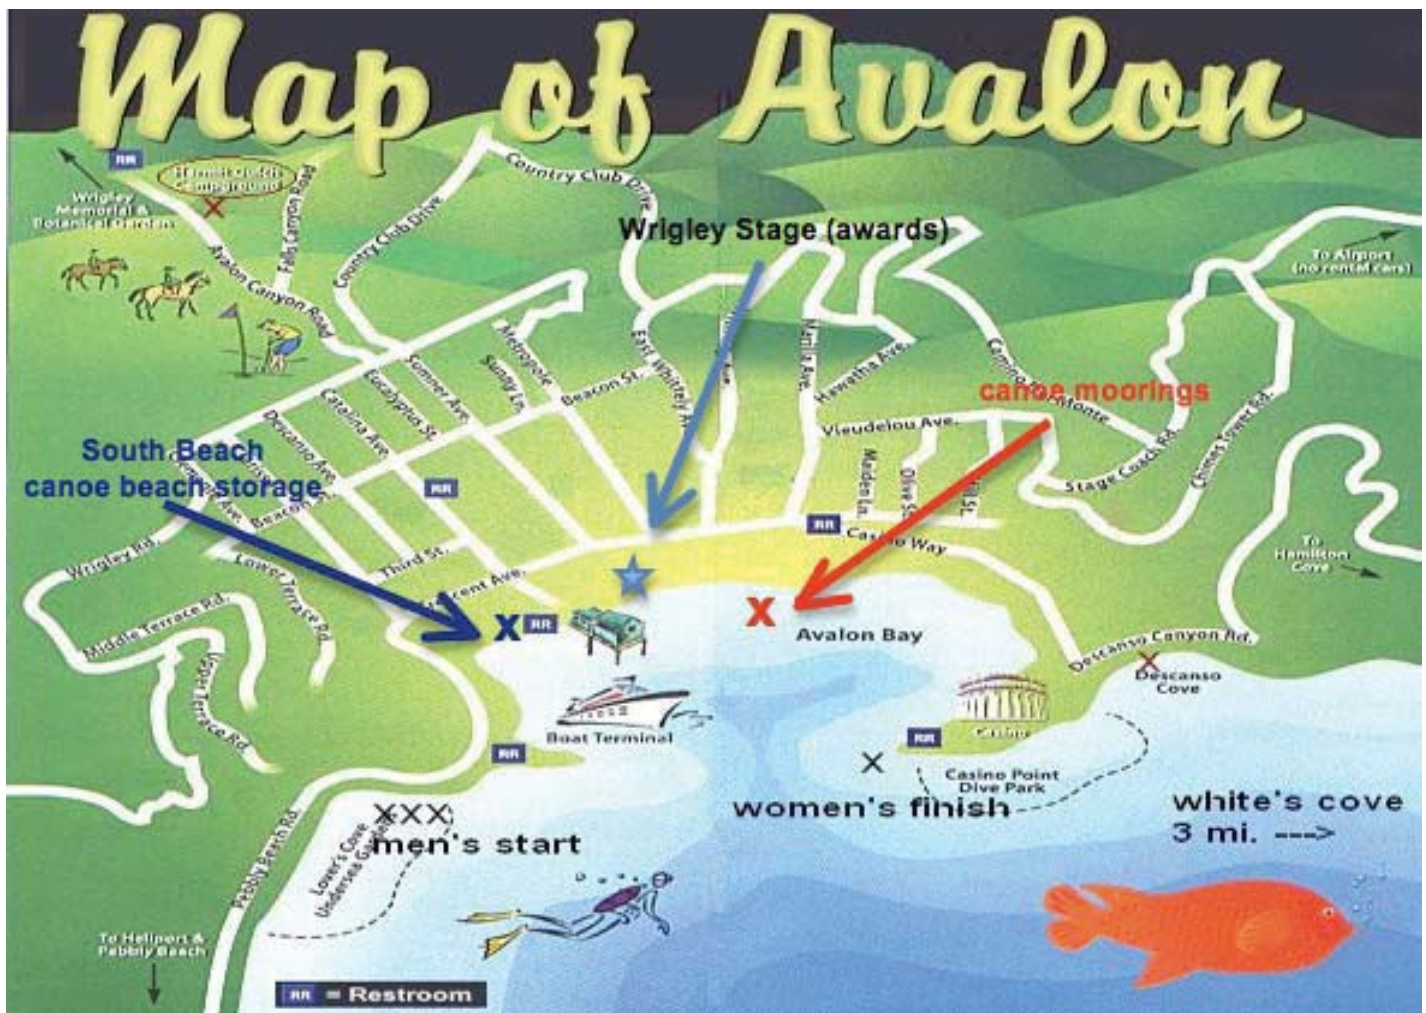

**1:00 – 3:00 PM**

- Canoes go to South Beach (left side of Green Pleasure Pier as seen from the water) or reserved canoe mooring (right side of pier). For the canoe moorings, only 2 paddlers are needed to secure canoe to mooring. Do not leave any personal gear on board your canoe. SCORA is under no obligation for damage or theft of improperly secured canoe.
