SCORA Covid-19

Aloha SCORA Paddlers,

On behalf of the SCORA Executive Board, we are sad to announce the cancellation of the 2020 SCORA racing season in its entirety. This decision was drawn after extensive discussion with input from directors and coaches. There were many factors weighed, starting with risk management as our top priority. Additional factors such as race venue permitting, planning time, paddler safety and preparation, sufficient race day staffing, and profitability were all factors that contributed to the final outcome.

Please continue to stay safe and law abiding by following local guidelines. Pay attention to rules on gatherings, social distancing, access points and cleaning protocols.

The SCORA family is resilient and creative. We know clubs will find ways to make connections with their teams. The spirit of Aloha will always be present with or without sanctioned races this summer.

Your SCORA Board of Directors will be working during the off season to bring you a wonderful 2021 season.

Mahalo,
Kathy Sheets
SCORA President
