

April 6, 2020
SCORA Covid-19

Aloha SCORA Paddlers,

On behalf of the SCORA Executive Board, I hope this finds you well. As we find ourselves in an unprecedented moment in time, we are trying to attempt a new normal. For many in the association this new normal finds us unable to connect with our outrigger family. Even though practices are unable to take place I am touched to hear stories how clubs are reaching out to club members to stay in contact.

The SCORA EC has held the second meeting to discuss the plans for the 2020 season. After the recent developments extending the stay at home order until the end of April we have canceled the races planned for May. This cancellation includes Crystal Per, Rig Run and Kahanamoku Klassic. Special thank you to Hanohano, Ka Nai'a and Marina Del Rey as we know they were planning another amazing race for us. The orders and recommendations are constantly changing so we have another meeting scheduled for two weeks to discuss the June races.

Thank you for all of your understanding, cooperation and dedication to staying healthy and checking in with one another. Please continue to follow local, state and federal guidelines to stay healthy, so we can get back on the water soon. Keep supporting each other on social media, zoom meetings, sharing workouts. We are in this together.

Mahalo,
Kathy Sheets
SCORA President
